

Cleaner

Cleaner for Promenade Tiles

PREPARATION & APPLICATION

Shake bottle well before use. Do not dilute.

Before applying, ensure the area to be treated is free from dust and loose particles. Wet the area and apply cleaner to the surface using a stiff/scrubbing brush. Work cleaner well into the surface ensuring even application over area to be cleaned.

Wash off with cold water ensuring all cleaner has been removed from the tile surface. On completion clean equipment with cold water.

Approximate coverage rate = 80 tiles per 1litre bottle

Do not apply in temperatures below 5°C

1 Litre
